

# BREAKING WAVES: A Digest of Ocean News

September-October 2006

## Features

[Arctic Schooner to Enter Classrooms via Internet](#), September 28, Agence France-Presse, TerraDaily  
Tara Arctic 2007-2007: The Great Arctic Drift – [Click here](#) for more information.

**Sandi Doughton** of the Seattle Times documents her time on the research vessel *Thomas G. Thompson*

[Click here](#) to view audio slideshows, maps, graphics, and photo galleries from the Seattle Times.

[Ecological Upheaval on the Edge of the Ice](#), October 1, Seattle Times.

[Seal Tagging Venture Turns into Freezing Ordeal](#), October 1, The Seattle Times.

[Scientists at Sea: Hard Work, Rough Seas – and a Bit of Fun](#), October 2, The Seattle Times.

**Special Report: The Sound of Broken Promises** - a six part series by Lisa Stiffler and Robert McClure of the Seattle Post-Intelligencer examining the perils to orcas and marine wildlife in the Pacific Northwest. M.L. Lyke details the story of Granny, an elderly orca matriarch, while she and her pod are struggling to survive perils unimagined in her youth -- the destruction of their food and habitat, an ever-rising tide of poisons, the threat of a massive oil spill.

[Click here](#) for The Sound of Broken Promises index and links to interactive graphics and maps.

[Ocean Life Makes Waves](#), October 12, Canoe Network.

## Discoveries

[Stunning Finds of Fish and Coral](#), September 18, BBC News.

[Dozens of New Species Found in Underwater Wonderland](#), September 18, The Independent.

[Photo Gallery: 50 New Marine Species Discovered in Indonesia](#), September 19, National Geographic News.

[Donsol Study Identifies over 40 New Sharks](#), October 5, Ecocean News.

## Conservation

[Environmentalists Warn Against Moves to Open Andaman Islands](#), September 10, Agence France-Presse, TerraDaily.

[Risk of Bluefin Tuna Disappearing from Mediterranean](#), September 13, Agence France-Presse, TerraDaily.

[Environmentalists Propose Solutions for Florida Ocean, Coastal Problems; Urgent Action Needed](#), September 13, UnderwaterTimes News Service.
